

## STANDARD COLORS

We offer a wide range of flooring systems for virtually any industrial, commercial or institutional application — from warehouses to transportation garages to food service operations. Our systems are designed to minimize your downtime while giving you the performance you demand. But specifying the right color can be as important as selecting the appropriate coating. Color can improve employee morale, enhance your image, increase productivity and contribute to the safety of your employees. Hardig Industrial Services strives to provide the products you need in the color you require. In addition to the standard colors identified here, custom colors are also available.

Canada Gray  
(51)
